## **Plan 1867**

### **Mustang Meadows 50's**

Plan 1867 is the most efficient entry into the 50' series, offering single-story living with added flexibility. The open family room and kitchen create a natural gathering space, while the dedicated flex room near the front of the home works perfectly as a home office, study, or hobby room. The primary suite is tucked away for privacy and features a spacious walk-in closet and en-suite bath. Secondary bedrooms are grouped together, making this plan ideal for buyers who want extra space without moving to a larger footprint.
