Plan 1671 builds on the efficiency of the smaller plans while adding versatility. A dedicated flex room near the front of the home can serve as a home office, playroom, or quiet retreat—something many buyers now demand. The kitchen and family room remain open and connected, while the primary suite offers generous space and separation from secondary bedrooms. A convenient powder bath adds everyday functionality for guests. Located just minutes from schools, shopping, and dining, Mustang Meadows is the perfect place to make lasting memories.
